## Biography

Formed over six years ago in North Vancouver BC, The Dadolescents is comprised of musicians from varied and exotic musical backgrounds brought together by the great levellers of age, careers, and family responsibilities. When touring became impossible because of their failing middle-aged bodies, they gathered together to write original songs about their shared experiences of mortgages, bad backs, Sunday BBQs, and receding hairlines. High-energy tongue-in-cheek punk/pop for the immature adult!

## The band

The Dadolescents are Robster on lead vocals, Dr. B on guitar, Junior on bass, and Gordo on drums. The Dadolescents' albums, *Cool Like Me* and *More of Me to Love*, are available on iTunes and CDBaby.com. They features such classics as 'Monthly Sex Night' (an early standout in the CBC's Searchlight Competition 2014), 'Middle-Aged Guys Gone Wild,' 'All-Inclusive Mexican Vacation,' 'Back Injury,' and 'Bad Ass Minivan.'
